

MKX70

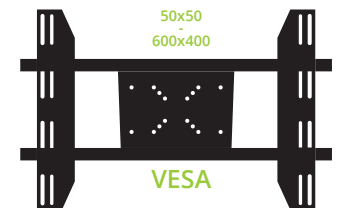

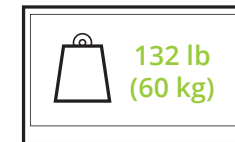

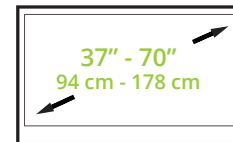

Kanto's MK line was developed to meet the needs of institutions and corporate professionals. Its collection of heavy-duty TV stands and accessories provide a reliable way of displaying content during presentations, tradeshows, conferences and other commercial events.

As a premium cart solution, the MKX70 Rolling TV Stand features a built-in power strip to conveniently plug in your TV and A/V devices. Its 3-inch casters make it easy to roll over carpet, cables and other thresholds, and can be quickly locked to secure the stand in place. Capable of supporting 132 pounds, this versatile aluminum cart allows the center of your TV to be placed up to 67 inches from the floor and supports both landscape and portrait orientations. Cable management clips are provided to maintain a clean and professional appearance, while a variety of shelving, storage and handle accessories are available to accommodate your needs. Accessories sold separately.

- UPC: 800152718460

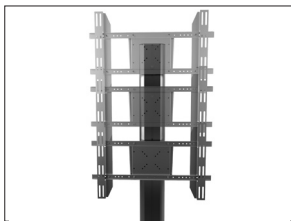

EASY MANEUVERABILITY

The MKX70 offers a safe and reliable way of moving your TV between locations. Its 3-inch wheels and elevated base provide ample clearance while rolling over carpet, cables and other thresholds.

INTEGRATED POWER STRIP

A built-in power strip provides easy access to plug in your TV and A/V devices. Its single 3-prong cord helps to reduce tripping hazards while keeping your setup looking tidy.

HEIGHT ADJUSTABLE

To ensure optimal viewing, the VESA compatible mounting bracket can be adjusted to place the center of your TV up to 67 inches from the floor.

LANDSCAPE & PORTRAIT ORIENTATION

Position your TV in either landscape or portrait mode to suit the size and orientation of the content being displayed.

CABLE MANAGEMENT

Four cable management clips are provided to maintain a clean and professional setup.

QUICK RELEASE WHEEL LOCKS

Ensure your equipment remains stable with two wheel locks. Simply step down on the pedal to enable the locking mechanism and flick up to release.
